Preface

An organisation's alumni are the reflection of its past, representation of its present and a link to its future. Educational institutions are changing the way they see and interact with their alumni community. Earlier, alumni and their alma-mater were treated as separate entities wherein one's existence was independent of the other.

With the advent of Social Media, alumni relationship has taken a different flavour altogether. Universities have started to harness the power of alumni through various networking platforms like LinkedIn, Facebook, Twitter etc. by creating their alumni groups and profiles on them.

Alumni are the brand-ambassadors of the institution they graduated from. We have been publishing the list of our notable alumni as a way of connecting their successes. However, in this era of social networking, the connect with their past students doesn't stop with this. IMS has continued with the publication, thanks to the positive feedback coming from the target quarters.

My dear students, some pieces of advice on this occasion, even if they may sound like homilies or platitudes, would not be out of place. Remember – no matter how ultra-modern, how progressive, how radical the times are, there is no substitute for calm commitment, planned perseverance, and pursuits of knowledge. A student is a student till his or her studentship is over. The foremost ideology of an ideal student is the ideology of dogged pursuance of knowledge, information and wisdom. Before donning the mantle of a fiery ideologue, a student should and must complete his or her schooling in the mental ambiance of non-agitation, non-violence and non-extremities. A strong and a positive relationship with the alumni can benefit both socially, academically and professionally.

Wish you good luck.

A handwritten signature in black ink, appearing to read 'U. Padhi' with a stylized flourish at the end.

Prof. Upendra Padhi
Director, IMS
